(*) Our kits range in price based on their complexity, size, and the materials that are included in each kit. Scouts are able to choose one that suits their skill level and that they would like to take home. We recommend budgeting \$5-\$20 per kit (a Scout's skills will vary).

(+) Rounds required to learn how to safely use the firearm are included, however, additional rounds to complete the proficiency requirement will require the purchase of tickets at the Trading Post (a Scout's skills will vary).
